

LIVEWIRE: 5 YEARS IN AND 1% OF PLAN · PART 2 OF 4

FROM \$29,799 TO \$4,999

LIVEWIRE ONE · 2021

S2 DEL MAR · 2023

S4 HONCHO · 2026

DUST · ACQUIRED 2026

Seven years walking down the price ladder. The overhead didn't follow the price down.

LIVEWIRE: 5 YEARS IN AND 1% OF PLAN · PART 2 OF 4

THE LINEUP

Seven years walking down the price ladder. Premium to price and volume, and nothing built where the volume lives.

PART I

THE GROWTH

386% is 55 bikes to 267. The plan was 100,000. The miss is the story.

PART II

THE LINEUP

\$29,799 to \$4,999. Premium to price. The overhead never followed.

PART III

THE CONTRACTS

Buying bikes loses money. Not buying them costs money. Both in writing.

PART IV

THE LOAN

Nov 2025: equity backstop out, secured claim in. \$85M due Dec 2027.

PART V

THE TAPE

Insiders sold on every spike, bought on none. 36 of 38 timed right.

PART VI

THE FINAL WORD

Every spending number hit, no volume number hit. Harley changed seats.

SIXTEEN YEARS OF TRYING TO BUILD THIS

2010

H-D launches its electric motorcycle initiative

MAR 2018 – ALTA MOTORS

H-D takes a minority stake. Six months later it walks.

18 OCT 2018

Alta ceases operations. Patents go to BRP in 2019.

2019 – TWO ACQUISITIONS OF DIRECTION

H-D buys STACYC. First H-D LiveWire delivered, Sept.

JUL 2021 – LIVEWIRE ONE

\$21,999. The same motorcycle, rebadged.

DEC 2021

KYMC0 collaboration signed. Merger announced next day.

SEP 2022 – SEPARATION

Two manufacturing agreements signed the same day.

Q3 2023 – S2 DEL MAR

\$15,499 at launch. Full production begins.

OCT 2024

Parisian maxi-scooter MOU – disclosed in no filing.

2026 – S4 HONCHO \$4,999 • DUST ACQUIRED

Four platforms. 923 motorcycles sold in twelve months.

EVERY LIVEWIRE HAS BEEN CHEAPER THAN THE ONE BEFORE IT

	H-D LIVEWIRE 2019 · HARLEY-DAVIDSON HALO	\$29,799
	LIVEWIRE ONE 2021 · SAME BIKE, NEW BADGE	\$21,999 now \$13,999
	S2 DEL MAR 2023 · FIRST ATTAINABILITY PIVOT	\$15,499 S2 line now \$11,999
	DUST MOTO MAY 2026 · ASSET ACQUISITION	up to \$14.75M \$375K cash, the rest stock
	S4 HONCHO 2026 · KYMCO-BUILT, NOT H-D	\$4,999

A PORTFOLIO WITH A HOLE IN THE MIDDLE

Premium at one end, minimoto at the other, and **no product between \$5,000 and \$11,000** — which is where two-wheel volume actually lives.

*HONCHO POWER NOT PUBLISHED; INDUSTRY ESTIMATE 10–15 HP. OTHER FIGURES FROM MANUFACTURER SPECIFICATIONS.

PREMIUM THESIS → PRICE AND VOLUME

THE HONCHO ISN'T ANOTHER RUNG ON THE LADDER. IT'S A DIFFERENT BUSINESS.

\$4,999. Built by KYMCO instead of Harley-Davidson. Sold into the minimoto segment instead of the premium roadster segment. It shares a badge with the S2 and not much else.

Dust points the same way: off-road, light, cheap to homologate. Put those next to STACYC — the only segment that makes money — and the portfolio now describes **a retreat from the premium on-road thesis that justified a \$2.31 billion valuation.**

WHERE THE VOLUME BIKE GETS BUILT

KYMCO ASSEMBLY LINE, TAIWAN · MANUFACTURER IMAGE · HONCHO AND THE UNDISCLOSED PARISIAN MAXI-SCOOTER ARE CONTRACTED HERE

The Honcho walks into the Grom's segment at a **39% premium** to the bike that outsells everything in it — with a take-or-pay minimum behind it.

**A COMPANY THAT
VACATED THE TOP
OF ITS OWN MAP —
AND HASN'T BUILT
ANYTHING
BETWEEN \$6,000
AND \$10,000, WHERE
THE VOLUME
ACTUALLY LIVES.**

DUST MODEL_1 · BOUGHT MAY 2026

Part 3: two contracts, signed the same day, and why buying motorcycles costs this company money.

Full brief — every product image and price linked to source.
