

LIVEWIRE: 5 YEARS IN AND 1% OF PLAN · PART 3 OF 4

TWO CONTRACTS, ONE TRAP

Why selling more motorcycles does not fix
this.

LIVEWIRE: 5 YEARS IN AND 1% OF PLAN · THE ROUTE

FOUR PARTS. ONE THESIS.

THE PAPERWORK

PART 1 OF 4

THE GROWTH

386% is 55 bikes to 267. The plan was 100,000.
The miss is the story.

PART 2 OF 4

THE LINEUP

\$29,799 to \$4,999. Premium to price. The overhead
never followed.

PART 3 OF 4 · THIS POST

THE CONTRACTS

Buying bikes loses money. Not buying them costs
money. Both in writing.

PART 4 OF 4

THE LOAN & THE FINAL WORD

Nov 2025: equity backstop out, secured claim in.
\$85M due Dec 2027.

TWO CONTRACT MANUFACTURERS, SIGNED THE SAME DAY

Both dated 26 September 2022. Both carry minimum annual volume commitments. Both charge a deficit fee if the volume is missed.

WHERE THE MONEY GOES, PER MOTORCYCLE

The motorcycle is nearly a rounding error.
\$58,049 of overhead per unit is the business.

THE PART NOBODY REPORTS

87%

OF Q2'S GROSS LOSS WAS INVENTORY WRITE-DOWNS,
NOT THE COST OF BUILDING THE MOTORCYCLE

GROSS LOSS, Q2 2026: \$2,534K

NRV WRITE-DOWNS \$2,204K

EVERYTHING ELSE

Harley builds the motorcycles. **LiveWire** buys them at **cost-plus**: Harley's cost, plus a mark-up. Then writes them down to what they can actually be sold for. The filing proves the bikes were carried above what they would fetch; the contract supplies the mechanism.

Cost-plus in, write-down out. That is my reading of the two documents together.

S2 - BOUGHT AT COST-PLUS, WRITTEN DOWN ON ARRIVAL

THE FY2025 10-K, EXPLAINING WHY COSTS IMPROVED

"...primarily driven by a significant decrease of the number of motorcycles purchased in 2025 as compared to 2024 resulting in lower net realizable value adjustments..."

LIVEWIRE GROUP, FORM 10-K, FILED 20 FEBRUARY 2026

MARGINS IMPROVED BECAUSE THE COMPANY BOUGHT FEWER MOTORCYCLES.

SO DON'T BUY THEM. EXCEPT.

BUY THE MOTORCYCLES

They are
worth
less than
you paid

87% OF Q2'S GROSS LOSS

DON'T BUY THEM

\$6.1M

2023 PROVISION FOR EXCESS
INVENTORY COMPONENTS HELD BY H-D
UNDER THE CONTRACT MANUFACTURING
AGREEMENT

BIKES ON A BENCH, WAITING ON PARTS

Parts Harley had already procured to build motorcycles LiveWire didn't take. **There is no third option.**

BEGINNING CALENDAR 2027

MINIMUM ANNUAL VOLUME COMMITMENTS, PER PRODUCT, WITH A DEFICIT FEE.

To Harley-Davidson. And, under the agreement amended in May 2026, to **KYMCO** as well.

The exposure that already cost \$6.1 million once now exists in duplicate, and stops being discretionary.

THE THIRD DOCUMENT • MASTER SERVICES AGREEMENT

90

DAYS' NOTICE. EITHER PARTY. NO TRIGGER REQUIRED.

Everyone quotes the "forty percent" clause. The paragraph under it, §8.3(c) and §8.4, lets Harley-Davidson end the services agreement **for convenience**. Payroll, IT, the building, engineering support. Ninety days.

THE ECONOMICS WERE NOT DECIDED BY THE MARKET. THEY WERE DECIDED BY THE TERMS.

Part 4: the loan that settled it eight months before the quarter, and the people who did the work anyway.

Full brief: the KYMCO Exhibit A, redacted cell by cell, is in there.
